## 1.1 Domain Name Database Management

The THNIC Foundation appointed Thai Name Server Co., Ltd. to operate the registry for .th and .ไทย domain names. The company has managed the domain name database and maintained the servers used to store registry information, back up data, and provide DNS services in accordance with generally accepted standards. It has also continuously monitored developments and recommendations for system improvements.

## 1.2 .th and .ไทย Domain Names Registration

The THNIC Foundation appointed T.H.NIC Co., Ltd. as the registrar for .th and .ไทย domain names. The company operates in accordance with the rules and policies established by the Foundation's Domain Name Policy Subcommittee. In 2025, it processed domain name registrations, deletions, and transfers at registrants' request. The number of .th domain names increased by 2,234 while .ไทย domain names increased by 2,272 (https://thnic.co.th/stats).

### 1.3 .th Second-Level Domain Name (SLD) Project

In 2025, the Foundation opened three application rounds for second-level domain names under .TH, with T.H.NIC Co., Ltd. responsible for handling registrations, as follows:

| Round 1/2025 (SLD#26) | Round 2/2025 (SLD#27) | Round 3/2025 (SLD#28) | 2025 Overview |
|---|---|---|---|
| 1 February-<br>31 March 2025 | 1 June–<br>31 July 2025 | 1 October–<br>30 November 2025 | A total of 43 domain names were approved |
| 18 approved | 8 approved | 17 approved | |

# 2. Activities for business promotion

### 2.1 Thai Business Promotion Project for Enhancing E-commerce Competitiveness

The THNIC Foundation collaborated with the Department of Business Development, Ministry of Commerce; the Thai Webmaster and Online Media Association; the Thailand E-Commerce Association; and the Electronic Transactions Development Agency (ETDA) to implement a program promoting e-commerce adoption by Thai businesses.

In 2025, the program, known as “Thaionline.in.th,” aimed to help Thai businesses establish a secure and sustainable presence in the digital economy. Both registered legal entities and individuals could create business websites to sell products and services and strengthen customer confidence through a .TH website address. Participants received free initial registration of a .co.th or .in.th domain name for one year, a free online storefront sales page, and other benefits from program partners.

**24 April 2025: “Shopify for E-commerce Entrepreneurs”**

Speaker: Inthanon Panyasopa

**26 June 2025: “Understanding Cross-border B2C E-commerce and the Impact of Trump’s Tariff War”**

Speaker: Charoen Hiruntrakul

**24 July 2025: “Unlocking New Opportunities: Cross-border Online Selling for Beginners”**

Speaker: Kornpong Nuansanit

**25 September 2025: “Websites AI Loves: Helping Your Business Stand Out Beyond Social Media”**

Speaker: Thaniya Wongsuanoom

**27 November 2025: “Understanding Online Buying and Selling for Confidence and Safety”**

Speaker: Parinya Suwanchinkul

**11 November 2025: “Starting an Online Business and Building an Outstanding Store Website”**

Mae Fah Luang University and LnwShop Co., Ltd.

2.2 Hosted a booth encouraging young farmers to open online stores through Thaionline.in.th, the program promoting e-commerce adoption by Thai businesses. The activity took place at the Young Smart Farmer Roadshow under the theme “Smart Agricultural Innovation,” on 16–17 May 2025 at Civio Farm, Bangkok.

2.3 Hosted a booth providing information to promote Thaionline.in.th at the “AI for Business & Content Strategy” training event on 17 June 2025 at Graph Hotel, Bangkok.

2.4 Signed a memorandum of cooperation with the Office of Small and Medium Enterprises Promotion (OSMEP) and T.H.NIC Co., Ltd. to provide benefits to entrepreneurs registered as SMEs receiving government services.

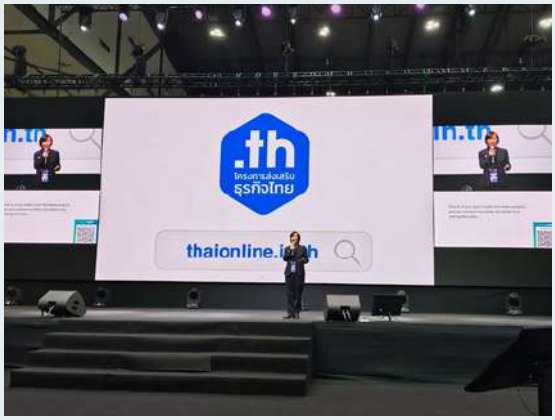

2.5 Served as a principal partner of the GURU Talk event, “Check Before You Shop: Shop with Confidence through DBD Registered,” and presented prizes to winners of the “DBD Registered Short Clip Challenge 2025.” The event was organized by the Department of Business Development, Ministry of Commerce, on 30 July 2025 at Grand Richmond Hotel, Nonthaburi.

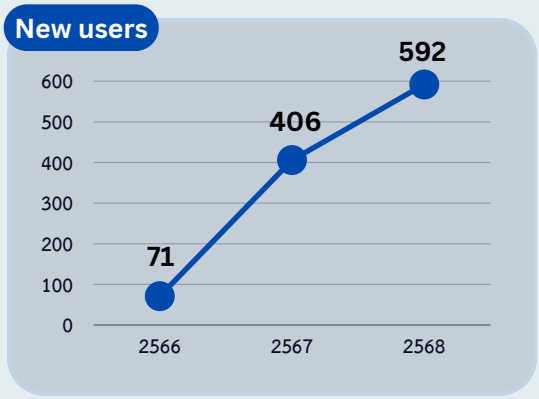

2.6 Supported the digital development of Thai businesses at “Road to Thailand e-Commerce Awards 2026.” The Foundation’s Executive Director delivered a presentation on “Thai Business Promotion Project for Enhancing E-commerce Competitiveness: Raising Business Standards for the Digital Economy and Expanding Access through .th Websites.” The event was organized by the Thailand E-Commerce Association in collaboration with Digitech ASEAN 2025 and AI Connect 2025 on 21 November 2025 at IMPACT Muang Thong Thani.

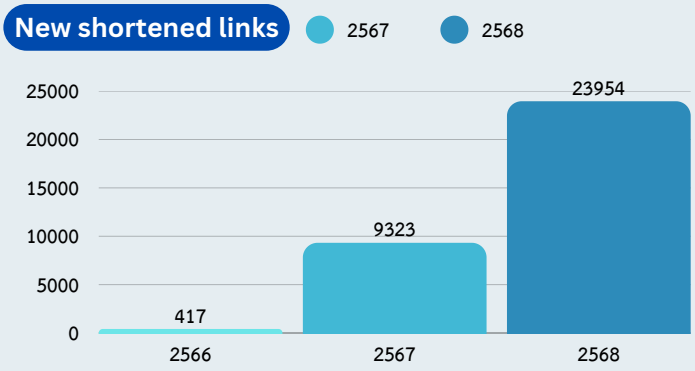

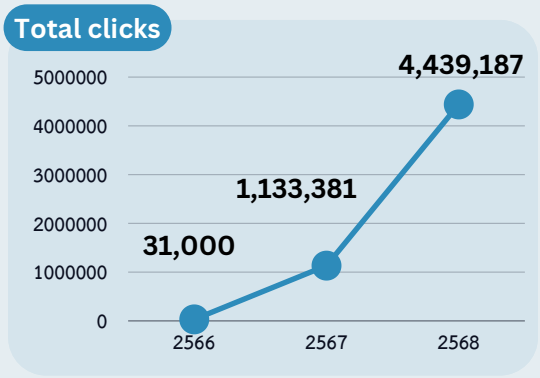

# 3. Activities for government agencies and academic institutions

### 3.1 dg.th and s.uni.net.th Link Shortening Services

**Total accumulated links 33,694**

**Total accumulated clicks: 5,603,568**

Link shortening: The Foundation recognizes that a link shortening service can serve as more than a convenience tool. It can function as public digital infrastructure and a safe space on the Thai internet by establishing standards of trust, screening for fraud risks, and promoting the identity of .th and .ไทย domain names. The service is available to the public free of charge to help reduce the digital divide and sustainably improve internet security for Thai users.

The THNIC Foundation has collaborated with government agencies and educational institutions to provide link shortening services through dg.th and s.uninet.th, expanding nationwide access to secure and trusted services.

**3.2** Met with the manager of the Student Loan Fund to exchange views on developing future cooperation between the two organizations on 22 January 2025 at the Student Loan Fund office, Bangkok.

**3.3** Delivered a presentation at the CIO Forum and hosted a booth at the 44th Workshop on UniNet Network and Computer Applications (WUNCA 44), held on 5–7 February 2025 at Chiang Mai University.

**3.4** Participated as a partner in Safer Internet Day Thailand 2025 (SIDTH 2025), under the theme "Together for a Safer Internet." The event was organized by the Thai Health Promotion Foundation, the Internet Foundation for the Development of Thailand, UNICEF Thailand, and Chulalongkorn University on 10–11 February 2025 at the Chaloem Rajakumari 60 Building.

**3.5** Served as a speaker in Session 4, "Law and Policy Reform to Prevent and Battling Cyber Crime," presenting approaches to improving online safety through Thai-language .ไทย domain names and email addresses at Safer Internet Day Thailand 2025 (SIDTH 2025). Under the theme "Together for a Safer Internet," the event was organized by the Thai Health Promotion Foundation, the Internet Foundation for the Development of Thailand, UNICEF Thailand, and Chulalongkorn University on 10–11 February 2025 at the Chaloem Rajakumari 60 Building, Chulalongkorn University.

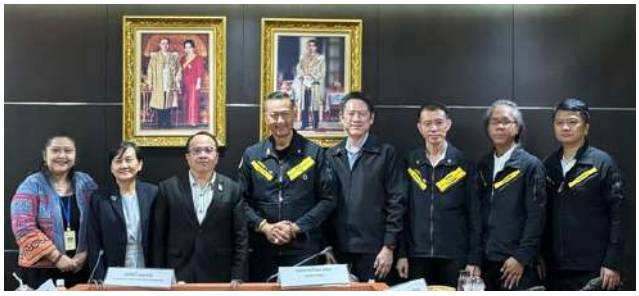

**3.6** Participated in the meeting "Strengthening Cross-sector Cooperation and the Participation of Children and Young People," held to mark International Stop Cyberbullying Day. The meeting addressed policy action to end bullying and child exploitation in the age of artificial intelligence. It was organized by the Internet Foundation for the Development of Thailand and its partners on 19 June 2025 at the Thailand Institute of Justice.

**3.7** Joined a delegation from the National Cyber Security Agency (NCSA) to meet with the National Broadcasting and Telecommunications Commission (NBTC) on 15 July 2025 to discuss strengthening national cybersecurity standards for telecommunications and technology through DNSSEC validation

**3.8** Presented the program promoting connections between internet exchange points (IXPs) and higher education institutions at the 25th CIO University Digital Forum on 9 July 2025 at King Mongkut's University of Technology Thonburi.

**3.9** Supported the Asian Internet Engineering Conference (AINTEC) 2025, held on 25–27 November 2025 at De La Salle University, Manila, Philippines.

**3.10** Met with the Director-General of the Department of Cultural Promotion to discuss using digital tools to support the Thailand Best Local Food program, "The Lost Taste," which promotes local cuisine as cultural heritage and an expression of Thai identity. The meeting took place in the Director-General's meeting room on the third floor of the Department of Cultural Promotion.

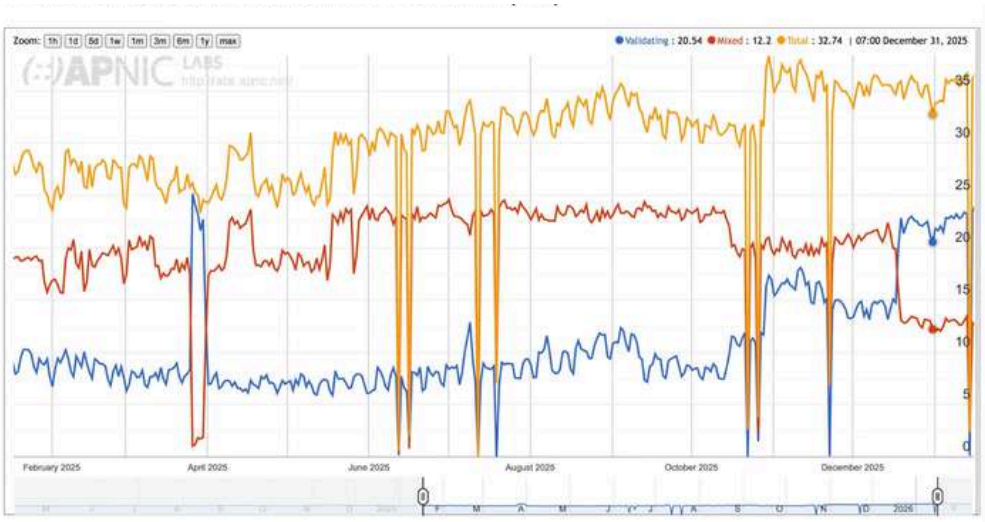

# Overvieww of Progress in Promoting Security Standards DNSSEC for .th Domain Names in 2025

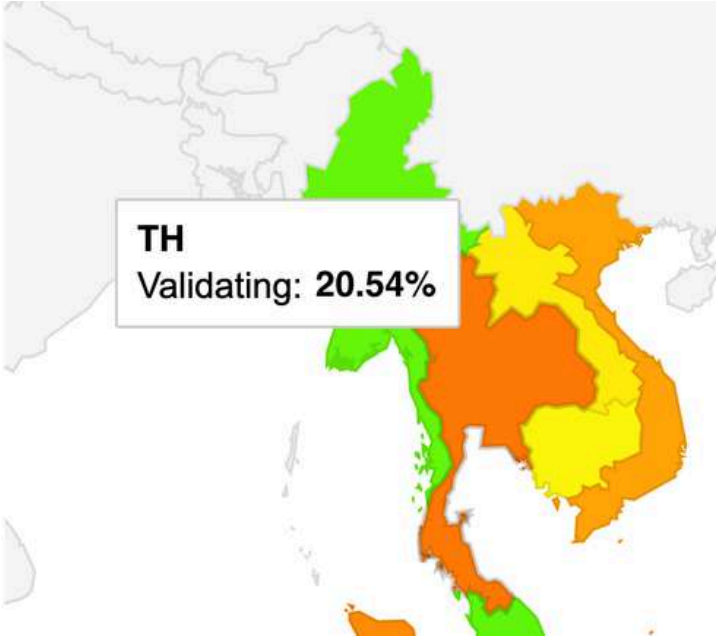

## DNSSEC Full Validation

**8.23% on 19 January 2025, rising to 20.54% on 31 December 2025**

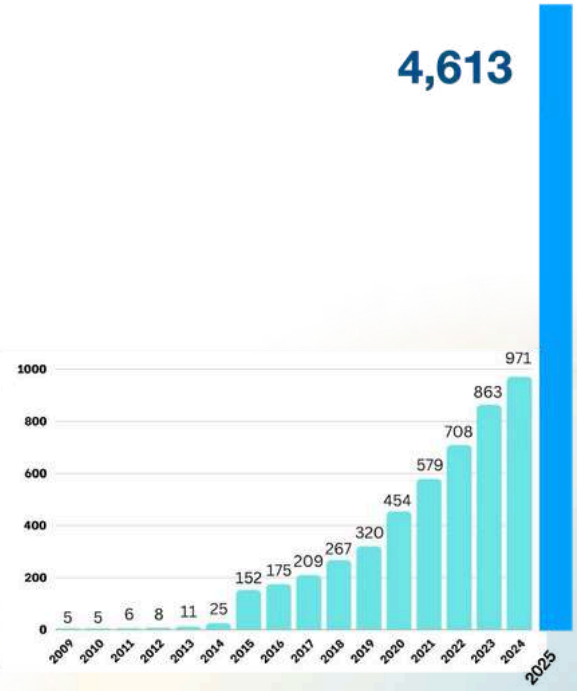

Use of DNSSEC Validation for Thailand (TH)

**Region Map for South-Eastern Asia (035)**

**The number of .th Signed DNSSEC increased from 971 domains to 4,613 domains.**

# 4. General public and society activities

**4.1** Promoting Thai-language email under @คน.ไทย: This activity enables Thai people to use digital identities that directly reflect their names and language. Thai-language email addresses are easy to read and remember and help reduce communication errors. They make online services more accessible and reassuring, particularly for people unfamiliar with English.

The activity also lays the groundwork for Thai-language email to serve as a digital ID for authentication across online platforms. Reliable identity proofing and authentication can improve security, reduce impersonation risks, and strengthen confidence in digital transactions nationwide in an inclusive and sustainable way over the long term.

The รู้จัก.ไทย website provides information about .th and .ไทย domain names, Thai-language email, and Universal Acceptance to promote inclusive and equitable use of the internet in Thai. It brings together articles, guides, teaching materials, and practical examples for the public, educational institutions, developers, and organizations, enabling them to apply this knowledge in their own contexts. It aims to raise awareness and support the adoption of internet standards in Thailand, expand digital access, and foster the stable and sustainable growth of the .th and .ไทย ecosystem.

Data as of December 31, 2025

**4.2** Promoted Thai-language domain names through a Facebook page. As of 31 December 2025, the page had 5,002 followers and recorded 25,599 visits during 2025.

**4.3** .ไทย website activities for communities: These activities promoted .ไทย domain names for public benefit by helping communities and local organizations develop websites offering useful information, knowledge, and services to local residents and people throughout Thailand. Alongside convenient and inclusive access to Thai-language websites, the activities built understanding of Thai-language domains and email, equitable internet access, and appropriate use of digital technology. The activities strengthened community capacity and sustainably expanded the use of .ไทย domain names in society and education.

Data as of December 31, 2025

**Two additional .ไทย newsletters were produced in 2025, featuring ของดีสามโก้.ไทย and เมืองคอง.ไทย**

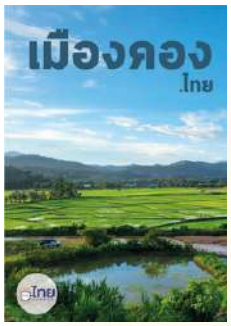

**ของดีสามโก้.ไทย**

**เมืองคอง.ไทย**

# 5. Cooperation with external Internet technology organizations

## 5.1 On 27 February 2025

hosted a booth at “Building a Strong Brand,” organized by the Department of Business Development, Ministry of Commerce, at S31 Sukhumvit Hotel, Bangkok.

## 5.2 On 29 April 2025

On 29 April 2025, hosted a booth at the “Digital Village Bootcamp” workshop, organized by the Department of Business Development, Ministry of Commerce, at Asawin Grand Convention Hotel, Bangkok.

## 5.3 On 15–16 August 2025

participated as a partner and hosted a booth at Thailand E-Commerce Expo 2025, organized by the Department of Business Development, Ministry of Commerce, at True Icon Hall, ICONSIAM.

## 5.4 On 13 September 2025

served as a speaker at Thailand Safe Web Forum 2025, held during the 2025 Annual General Meeting of the Thai Webmaster and Online Media Association at SCB Next Tech, fourth floor, Siam Paragon, Bangkok. The event provided an opportunity to exchange views and approaches to improving online safety and promoting standards for website and digital media management in Thailand in line with changes in the digital era.

# 6. Coordination and cooperation with international Internet organizations

## 6.1 On 15 January 2025

welcomed a delegation from the Vietnam Internet Network Information Center (VNNIC) to exchange views on country code top-level domain (ccTLD) management and internet infrastructure development.

## 6.2 On 15-21 March 2025

served as a local host for the 122nd Internet Engineering Task Force meeting (IETF 122), at Bangkok Marriott Marquis Queen's Park, Bangkok.

The IETF meeting is a major global forum for developing and establishing internet standards. Hosting the meeting gave Thai researchers, engineers, and developers opportunities to participate closely in international internet standardization and strengthened Thailand's role in the global digital technology community.

## 6.3 On 24 March 2025

THNIC held a special seminar at VIE Hotel Bangkok on the Internet Corporation for Assigned Names and Numbers (ICANN) New gTLD application round, which was scheduled to open in the second quarter of 2026. The seminar helped interested parties prepare for the application process and understand the relevant requirements, opportunities, and challenges for Thailand's participation in the global top-level domain system.

## 6.4 On 8 May 2025

served as a speaker on "New gTLD Program – Next Round" at APAC DNS Forum 2025 in Hanoi, Vietnam.

# 7. Enhancing public knowledge and understanding of the Internet and domain names

**7.1** Pensri Arunwatanamongkol was interviewed on “Sure Before You Share UPSKILL: Spotting Fraudulent Links,” broadcast on 8 September 2025.

**7.2** Published the educational article, “Sure Before You Share: Upskill to Stop Scams—Exposing Fake Links You Might Click.”

**7.3** Published the educational article, “Understanding Online Threats: Lessons from Fifa, a Karen Child from the Highlands.”

**7.4** Published the educational article, “Understanding Fake Email: When the Name Is Genuine but the Behavior Is Fraudulent.”

# 8. Activities for charitable purposes and public benefit

**8.1** Received two laptop computers with accessories from Thai Name Server Co., Ltd. for use at the Thai Network Information Center Foundation Learning Center.

**8.2** Received one laptop computer with accessories from T.H.NIC Co., Ltd. for use in the Foundation’s activities.

# 9. Activities to develop organization and personnel

**9.1** Organized a Leadership Training Program (LTP) workshop, with Pawoot Pongvitayapanu sharing his knowledge and experience. The training developed staff capabilities in people management, teamwork, effective communication, project management, and work efficiency to strengthen leadership skills and readiness to support organizational growth.

**9.2** Provided annual online "Security Awareness and Privacy Awareness Training 2025" to strengthen employees' knowledge, understanding, and awareness of cybersecurity and personal data protection.

**9.3** Organized the "Creating a Space for Heartfelt Listening" workshop to become a model organization for the Volunteer Spirit Network and the Thai Health Promotion Foundation. The initiative promoted listening as a means of building understanding at work and strengthening relationships and a listening culture within the organization.

# BKNIX Activities

In support of the Foundation's objective to promote and develop Thailand's internet infrastructure, BKNIX activities serve as an important mechanism for achieving this goal. Continued development of its internet exchange point has contributed to sustained growth in the number of members connecting to BKNIX, increased internet traffic, and a stronger traffic exchange ecosystem.

1 Membership in 2025

2 Volume of data exchange

3 BKNIX Peering Forum & ThaiNOG Day 2025

# 1. Membership in 2025

BKNIX Co., Ltd. has managed and developed the BKNIX internet exchange point to serve connected members. It currently serves 71 ASNs, with peak exchanged traffic of 289 Gbps. Eight new members connected in 2025, as shown below.

ACE AS139341

unitel AS131267

INTERNET Y.U.T Corporate Company Limited AS149766

# 2. Growth in Internet Exchange Membership and Overall Traffic Exchange from 2014 to 2025

BKNIX Membership Data (2014–2025)

BKNIX Internet Exchange Traffic (Peak Traffic: 288.44 Gbps)

# 3. BKNIX Activities Peering Forum & ThaiNOG Day 2025

Held on 22–23 May 2025 at Bangkok Marriott Marquis Queen's Park, Bangkok, BKNIX Peering Forum & ThaiNOG Day 2025 is an annual forum where internet industry professionals exchange knowledge and explore emerging technologies affecting networks in Thailand and internationally. This year's event brought together internet service providers (ISPs), content delivery networks (CDNs), internet data centers (IDCs), carriers, internet exchange points (IXPs), universities, and other related service providers. More than 381 domestic and international participants from 22 countries attended.

# Net2Home Activities

Net2Home develops and operates internet infrastructure through a community network model. It aims to expand internet access in remote areas, reduce the digital divide, and enable communities to use technology for education, livelihoods, and sustainable local development.

1 Current operation areas

2 Membership Growth

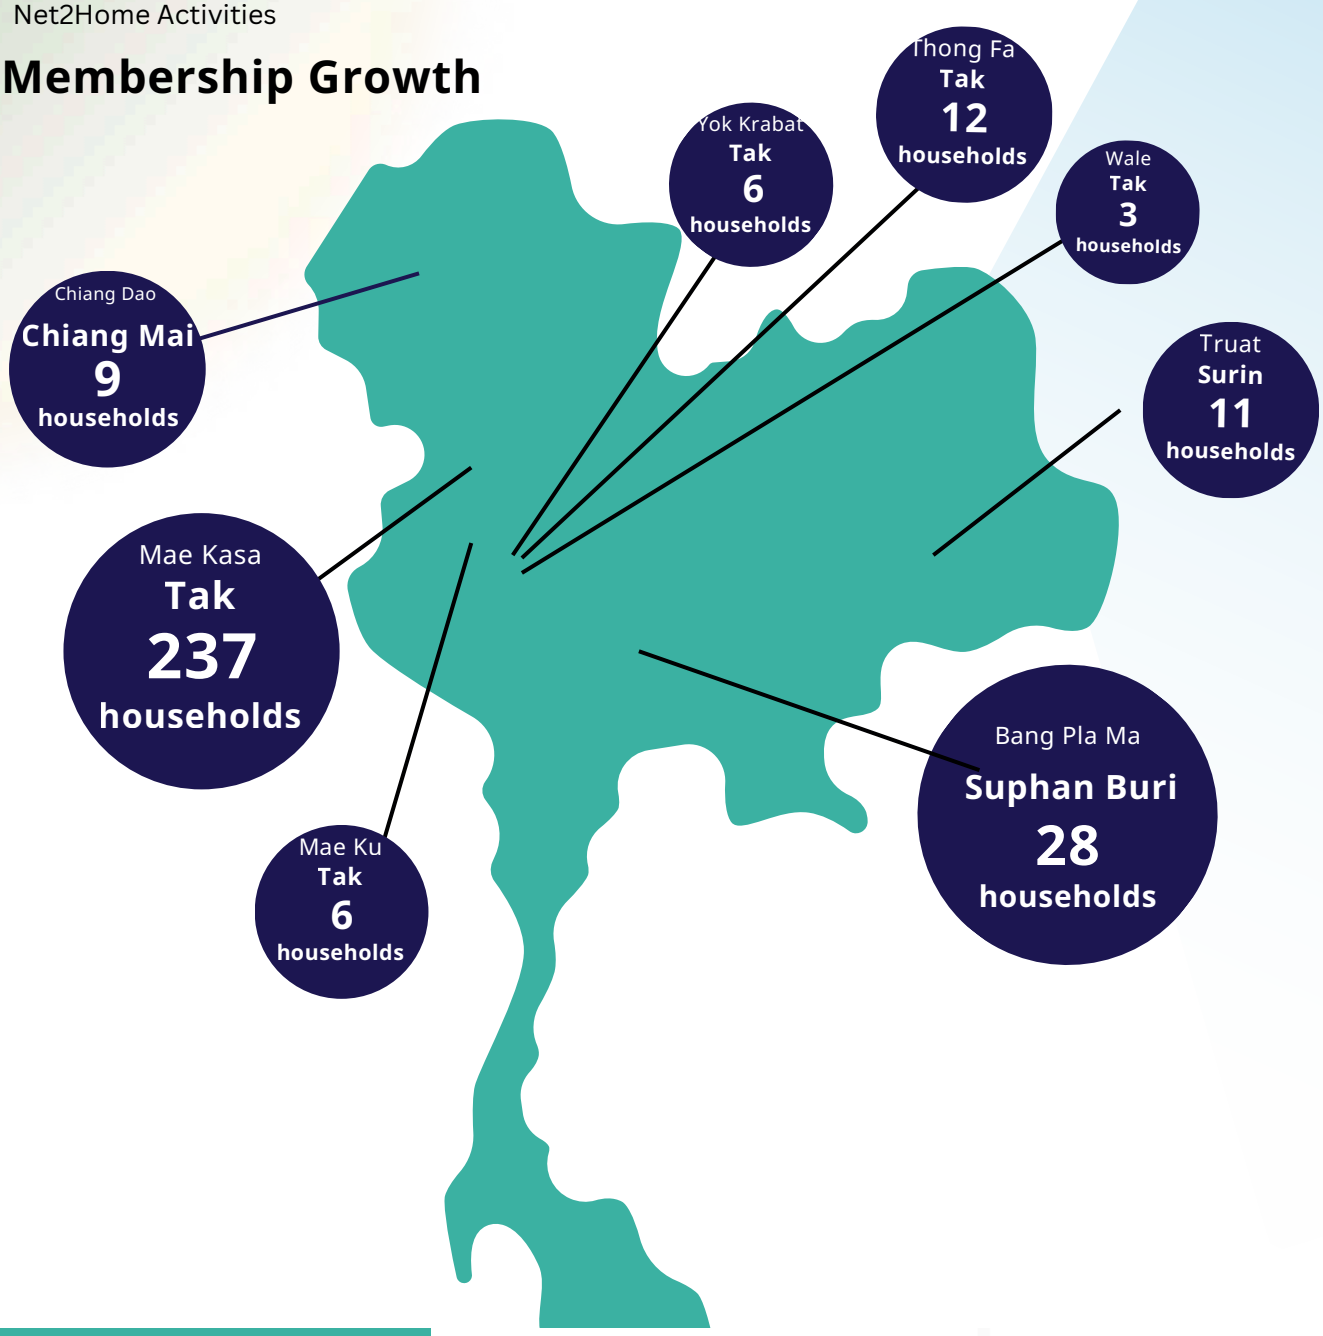

Net2Home expanded its service areas to Thong Fa subdistrict, Ban Tak district, Tak province, and Truat subdistrict, Si Narong district, Surin province. During the year, 65 households joined and 47 households cancelled their memberships. Current membership totals 312 households, a net increase of 18 from 2024.

# 1.Current operation areas

- **Mae Kasa subdistrict, Mae Sot district, Tak**
  - 13 villages—Villages 1, 2, 3, 4, 5, 6, 9, 10, 11, 12, 14, 15, and 16.
- **Mae Ku subdistrict, Mae Sot district, Tak**
  - Village 16.
- **Chiang Dao subdistrict, Chiang Dao district, Chiang Mai**
  - Village 16.
- **Makham Lom subdistrict, Bang Pla Ma district, Suphan Buri**
  - Villages 6 and 10.
- **Wat Bot subdistrict, Bang Pla Ma district, Suphan Buri**
  - Village 9.
- **Yok Krabat subdistrict, Sam Ngao district, Tak**

# THNIC Academy Activities

THNIC Academy creates learning opportunities and develops the capabilities of young people and communities through information technology training, including computer science, internet networking, website development camps, and creative skills activities, to prepare participants for further education and future employment.

In 2025, it organized more than 10 activities across four provinces—Tak, Surin, Buriram, and Bangkok—with a total of 342 participants, reflecting its continued commitment to expanding opportunities and developing capabilities.

1. Baengpun Camp
2. Training at THNIC Academy, Tak
3. Training in Buriram
4. Training in Surin
5. BGP Deployment and Troubleshooting Workshop
6. Internet Technology Activities under the Thailand Universal Acceptance Local Initiative Project, funded by ICANN

## 1. Baengpun Camp

**6 October and 11–15 October 2025**

- at the Thai Network Information Center Foundation Learning Center.

Eleven teams comprising 32 upper secondary and vocational certificate students from educational institutions in Tak participated in and completed the training.

## 2. Training at THNIC Academy, Tak

**Computational Thinking & Programming Skills (Basic) for upper secondary students**

**31 May–3 June 2025**
THNIC Academy

**Introduction to Programming (Intermediate) for upper secondary students**

**19–20 July and 26–28 July 2025**
THNIC Academy

**Problem-oriented Programming (Advanced) for upper secondary students**

**9–11 August and 16–17 August 2025**
THNIC Academy

**Web Programming for upper secondary students**

**29–30 November and 5–6 December 2025**
THNIC Academy

**THNIC Academy Reunion 2025**

**8–9 November 2025**
THNIC Academy

## 3. Training in Buriram

**29 April–1 May 2025**

**Computational Thinking Workshop for secondary school teachers and education personnel**

Held at the Secondary Educational Service Area Office Buriram

# 4. Training in Surin

**2–6 May 2025**

**Training in computing science and computer programming skills, “Enhancing Computational Thinking (CT) Skills with IoT and Nature Game”**

Held at the Dek Rak Pha Nature Art Learning Center and the NET Foundation in Surin

**13–14 September 2025**

**“Network Training for Technicians” in Surin**

Held at the Dek Rak Pha Nature Art Learning Center and the NET Foundation in Surin

## 5. BGP Deployment and Troubleshooting Workshop

**18–21 May 2025**

**BGP Deployment and Troubleshooting Workshop**

Held at the Bangkok Marriott Marquis Queen’s Park, Bangkok

# 6. Internet Technology Activities under the Thailand Universal Acceptance Local Initiative Project, funded by ICANN

## 26–27 March 2025

**THNIC collaborated with the Stock Exchange of Thailand and the Internet Corporation for Assigned Names and Numbers (ICANN) to organize UA Day 2025.**

Held in Rooms 601–602 on the sixth floor of Building B at the Stock Exchange of Thailand

## 31 May–3 June 2025

**Supported the 20th Young Webmaster Camp, a workshop preparing participants for the webmaster profession, organized by the Thai Webmaster and Online Media Association.**

Held at the Thai Public Broadcasting Service (Thai PBS).

## 20 June 2025

**Participated in a live broadcast on the BorntoDev Facebook page, sharing fresh perspectives on domain names and the use of Thai-language .ไทย domain names to establish an online identity and credibility.**

## 22 July 2025

**Served as a speaker at the workshop “Using Technology to Improve Business Efficiency”**

organized by Suan Dusit University’s Bachelor of Science program in Culinary Technology and Service, held in Hall 3 of the Faculty of Nursing Building at the Science Center, preparing students for work in the digital economy.

## 18 October 2025

**Organized a workshop on developing email servers to support Thai-language email (EAI).**

Held in Room 103 on the first floor of the Administration Building, Thammasat University, Rangsit Campus

# Education Section (EDU) Activities

## 1 “Webkhru.in.th” (“เว็บครู.ไทย”)

### Developing Teachers’ Ability to Create Online Learning Websites with .th and .ไทย Domain Names

Provided “Creating Websites with .th and .ไทย Domain Names” workshops for teachers and education personnel, enabling them to develop and manage online learning websites while raising awareness of the role and importance of Thailand’s country code domain names.

## 2 “Webac.in.th” (“เว็บศึกษา.ไทย”)

### Helping Schools Establish Trusted and Accessible Official Websites

Provided grants for websites under .ac.th and ศึกษา.ไทย to small and medium-sized schools lacking sufficient funding or resources. The program improves schools’ public image and credibility and makes communication with parents, communities, and the public more effective.

## 3 “Webstudent.in.th” (“เว็บนักเรียน.ไทย”)

### Developing Students’ Digital Skills through e-Portfolios with .th and .ไทย Domain Names

The THNIC Foundation developed the “Webstudent.in.th” (“เว็บนักเรียน.ไทย”) curriculum to help schools integrate it into core subjects, supplementary subjects, and student development activities.

The curriculum enables students to create their own e-Portfolio websites, which are important tools for demonstrating their capabilities and skills when applying for further education and preparing for future careers.

# 1.“Webkhru.in.th” (“เว็บครู.ไทย”)

In 2025, a total of 1,136 .in.th and .ไทย domain names were registered through “Webkhru.in.th” (“เว็บครู.ไทย”) project activities associated with the “Creating Websites with .th and .ไทย Domain Names” training course for teachers. These comprised 613 domain names from training at 13 centers and 523 through follow-up instruction by participants. This represented growth of 31.2% from 866 domain names in 2024. The training completion rate was 94.78%.

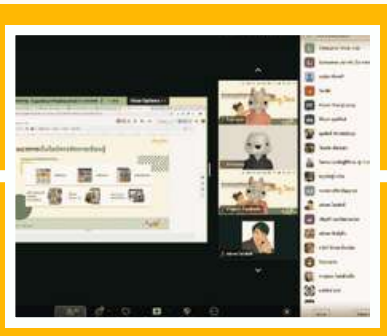

## Summary of Results from 2023 to 2025

| Year | Training Centers | Applicants | Participants | Completed Training | Domain Registrations |
|---|---|---|---|---|---|
| 2023 | 10 | 756 | 506 | 504 | 506 |
| 2024 | 22 | 985 | 757 | 708 | 866 |
| 2025 | 13 | 754 | 613 | 581 | 1,136 |

1. “Creating Websites with .th and .ไทย Domain Names” workshops were delivered through 13 training centers nationwide.

2. Online training for “Webkhru.in.th” (“เว็บครู.ไทย”) instructors was held on Saturday, 18 October 2025, from 09:00 to 16:00 to prepare for a 2026 instructor directory and support sustainable expansion of the program.

3. The “Webkhru.in.th” (“เว็บครู.ไทย”) website competition provided a platform to showcase participants’ work and inspire others. The competition comprised two levels:

- Training center level, with two award categories:

1.Model Teacher Website Award at Training Center Level.
2.Award Supporting Thai-language Domain Name Users.

- National level:

1.Outstanding Model Teacher Website Award at National Level.

# 2. “Webac.in.th” (“ศึกษา.ไทย”)

Provided grants to create .ac.th and ศึกษา.ไทย websites for small and medium-sized schools lacking adequate funding or other necessary resources, enabling them to establish trusted official websites for public relations and online communication. In 2025, 308 schools met the eligibility criteria and established .ac.th and .ไทย school websites.

| Grant Type | Schools Receiving Grants |
|---|---|
| 1) Domain name support | 49 |
| 2) Domain name and website package | 111 |
| 3) Domain name, school website templates, and Google Workspace for Education Fundamental Installation | 148 |
| Total | 308 |

422 schools expressed interest in applying for grants.

359 schools were eligible to receive grants.

308 schools established school websites.

| Applied for grants | Eligible for grants | School websites |
|---|---|---|
| 422 schools | 359 schools | 308 schools |

เว็บศึกษา.ไทย

# 3.“Webstudent.in.th” (“เว็บนักเรียน.ไทย”)

2025 was the first year of “Webstudent.in.th” (“เว็บนักเรียน.ไทย”) activities. Forty schools applied to join the program. The first orientation session of 2025 was held on 14 June 2025 to guide teachers in integrating the curriculum into their teaching. Twenty-two teachers attended, representing 55% of the schools that expressed interest. Sixteen schools had begun teaching the curriculum, and a total of 1,315 student websites had been created.

**16 schools**
Schools Implementing the Curriculum

**1,315 websites**
Total Student Websites

## Benefits

1. Schools can incorporate the curriculum into their teaching in line with competency-based learning and the use of digital technology in education. They will also be registered as THNIC Academy model schools.

2. Teachers receive preparatory training to deliver the curriculum, a teaching guide, and ongoing consultation. They also receive free use of .in.th and .ไทย domain names for two years and a certificate from THNIC Academy.

3. Participating students receive grants covering free registration of .in.th and .ไทย domain names for three years, along with a THNIC Academy certificate that can be included in their educational portfolios.

## “Webstudent.in.th” (“เว็บนักเรียน.ไทย”) Program Activities

“Webstudent.in.th” (“เว็บนักเรียน.ไทย”) was officially launched on 1 November 2025 at Satri Si Suriyothai School. The event included the following activities:

- Panel discussion: “Unlocking TCAS: Building e-Portfolio Skills with Domain Names”

- Activity: “Building an e-Portfolio for Successful University Admission”

Examples of students' e-Portfolio websites created under "Webstudent.in.th" ("เว็บนักเรียน.ไทย"), used in TCAS Portfolio round applications that resulted in admission to higher education:

saranratimem.in.th

pronchaiaum.in.th

rungruedeejeen.in.th

suphawitpatrick.in.th
